

HM Courts & Tribunals Service

Thank you for requesting a copy of the Grant or a Will from the Probate Service Online Search Facility.

We are unable to provide you with the copy you require. The request you entered cannot be processed as some of the information you have provided is incomplete or incorrect.

Therefore this request has been returned as a no trace and you will be required to resubmit a new order and pay a further fee if you wish to proceed.

To assist us, please ensure that you check the information in the required fields as stated on the calendar entry before pressing send.

The date of Probate will always be the later date in the deceased person's entry and is the key part of the order required to retrieve your document.

Please also check the issuing registry before pressing send as this is also vital in retrieving the document.

Without the required folio number and the correct date of Probate and registry we will not be able to process your request.

If your request is missing a Folio number, please refer to the search. The handwritten number next to the entry you wish to order is the Folio number. An example can be seen below. It is essential we have this number in order to undertake the correct search. Without that information then your request will be returned as a now trace and you will be required to resubmit and pay a further fee.
